

## Who We Are

Intek Systems is dedicated to supplying our customers with the most reliable, cost effective machine control and automation solutions. Intek specializes in motion control, servo systems, stepper controls, pneumatic components and mechanical systems to automate our customer's machinery. As a representative and stocking distributor of many "Best in Class" products, you are assured of always getting the right product for your project.

Since 1989 we have been serving our customers with expert engineering services. Our new 27,000 square foot building located just north of Pittsburgh gives us additional storage space and expanded manufacturing capabilities.

The talented engineering staff at Intek Systems is the key to our success. The ability to put standard and custom products together have provided many creative solutions for our customers.

## Intek Systems Demo Bus

Intek's 32 foot demo bus features demos and samples of many of the products we represent. Many are "hands-on" demos which give you the ability to control how they work. Demos include motors, drives, robots, electro-mechanical actuators, air cylinders and valves, vision systems, safety devices, operator interfaces, sensors, switches and connectors.

We would be happy to arrange for the bus to come to your facility. Please contact us for more details.

**Intek Systems services all of Pennsylvania, northwestern West Virginia, southern New Jersey, and the Western, Central, Finger Lake, and Southern Tier regions of New York.**

(Some products listed inside may not available in all areas)

## Specialists In Industrial Automation

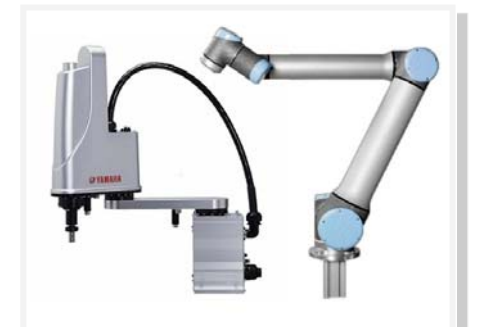

Motion Controllers

Stepper \ Servo Motors & Drives

Industrial Robots

Pneumatic Valves

Pneumatic Actuators

Electro-Mechanical Actuators

Vision Systems & Software

Operator Interfaces

Safety Devices & Control

Sensors & Switches

Networking Devices

Vacuum Components

## Fluid Power Products & Accessories

 MAC VALVES	Pneumatic 2, 3 & 4-way valves. Inline, stacking, manifolds, & serial bus interface. Proportional pressure controllers.	 phd SOLUTIONS FOR INDUSTRIAL AUTOMATION	Pneumatic & hydraulic industrial automation actuators. Custom products. Industry specific solutions.
 American	Industry interchange non-repairable cylinders. Low profile, linear slides & tie-rod cylinders.	 ORIGA	Rodless cylinders, twin rod cylinders, electric actuators & drives, linear roller guides, air preparation products.
 Springville Mfg. Co., Inc.	NFPA tie-rod cylinders, round compact cylinders, stainless steel cylinders..	 Motion Controls LLC.	NFPA & non-NFPA tie-rod cylinders.
 WILKERSON	Air preparation products, soft start valves, air dryers, dump valves, proportional valves.	 legris	Push-to-connect & compression fittings, function fittings, ball valves, quick disconnects, blowguns, tubing.

## Vacuum Products & Accessories

## Motors, Drives & Motion Control Products

 KOLLMORGEN	Servo\stepper motors & drives, linear motors, direct coupled motors, electric cylinders, rodless actuators, precision tables	 DELTA ELECTRONICS, INC.	Brushless servo motors & drives, AC inverters, industrial PLC's, HMI's, industrial power supplies, optical encoders
 BODINE ELECTRIC COMPANY	Brush & brushless gearmotors & controls	 TRIO MOTION TECHNOLOGY	Single & multi axis servo & stepper motion controllers, standalone & PC based configurations, easy programming.
 IMS INTELLIGENT MOTION SYSTEMS, INC.	Motors with integrated electronics, compact, powerful and low cost motion control solutions.	 NPM	Precision motion control system products, tin can & hybrid stepping motors, linear shaft motors, controllers.

## Electro-Mechanical Actuators & Robots

 INTEK PRODUCTS	Linear actuator positioning stages, robotic assemblies, standard or application specific, single or multi axis	 THOMSON Linear Motion. Optimized.	Precision linear actuators Linear motion systems Brakes and clutches
 YAMAHA ROBOTICS	Electro-mechanical systems and components Scara robots	 UNIVERSAL ROBOTS	Unique, 6-axis "collaborative" robots that eliminate the need for safety guarding. 195 day average ROI.

## Operator Interfaces

 Pro-face	Industrial PC's Operator interfaces Flat panel monitors	 WEINTEK Quality, Creativity, Infinite	Human Machine Interfaces
 HORNER APG	Operator Control Stations	 DELTA ELECTRONICS, INC.	Human Machine Interfaces

## Vision Products

 TELEDYNE DALSA Everywhere you look	Packaged machine vision systems & software, image sensors & cameras. Multi camera vision systems	 ABB	Machine guarding, light curtains, safety relays & PLCs, E-stop buttons, sensors & switches, safety mats & strips
 DELTA ELECTRONICS, INC.	Machine vision systems & software. Cameras, controllers & light sources.	 REER	Cost effective light curtains, safety relays & controllers
 BALLUFF SHARPSHOOTER	Sharpshooter vision system	 pizzato	Position switches, safety devices, safety modules, control devices, lift devices, foot switches, micro-switches .

## Safety Products

## Networking Devices \ Misc. Products \ Accessories

 MURR ELEKTRONIK stay connected	Bus networking systems Distributed I/O, power supplies, cables & sensor \ valve cord sets	 Nabtesco	Cycloidal gearboxes, high performance reduction gears, hollow shaft gear heads, single axis servo-actuators & controls.
 BALLUFF	Sensors include: Inductive, linear transducers, photoelectric, RFID, capacitive, magnetic field, mechanical switches	 DYNAPAR INNOVATION - CUSTOMIZATION - DELIVERY	Dynapar encoders, Veeder-Root & Eagle Signal brand counters, timers & temperature controls
 WAGO INNOVATIVE CONNECTIONS	Bus networking systems Cage clamp terminal blocks	 HEIDENHAIN	Precision linear & rotary encoders
 THOMSON Linear Motion. Optimized.	Linear guides & bearings, ball screws, lead screws, Micron gearheads.	 80/20 Inc. The Industrial Erector Set	The Industrial Erector Set!! Modular framing solutions.
 IKO	Ball rail bearings, motor driven linear actuators, linear motor stages & ball screw systems.	 Altech Corp.	Terminal blocks, circuit breakers, interface modules, enclosures, contactors
 LITZE	Motor cables in both stationary & high flex applications, power supplies & interface systems	 QC Industries	Low profile belt conveyors for the packaging, automation, & pharmaceutical / medical industries.
